

# Prayer request of MCF Taiwan

Pastor Hong-Fu Chen

11/Nov./2023

**1. Due to the shortages of younger members, we have to build up our futural leaders of next generation, not only we have to reach out and absorb new members, but also we need to train our co-workers to take in charge of the services.**

2. To offer support to members in need, we reached out by telephone and have asked directors and supervisors to create a Revival Prayer Group (RPG) with members.

May God help us to build up more RPG groups.

**3. We need to up grade our English level of our members, especially of our co-workers. May God help our English Bible study be more effective.**

4. The war of Ukraine / Russian and Israel / Palestine are still on going, now the tension between mainland China and Taiwan are quite intensive. The risk of war is far greater than our imagination. Pray to God to reduce the tension between both sides, and can have further peaceful development.
